

**Imperial Irrigation District**  
**(El Centro, CA)**

**Assistant General Manager, Water**

Established in 1911, the Imperial Irrigation District (IID) is one of the nation's largest irrigation districts and serves one of the fastest-growing regions in the West. IID Water has helped transform desert land into one of the most productive farming regions in California. The Water Department employs 435 full-time employees and has a total maintenance and operating budget of \$114 million for 2011-2012. Under general direction of the General Manager, the Assistant General Manager, Water, manages the functions, activities and personnel engaged in the engineering, construction, operation and maintenance of the Irrigation and Drainage system, including the Imperial Dam and All-American Canal. The AGM, Water has 7 direct reports. Requires a bachelor's degree (a master's degree and registration as a Civil Engineer with the State of California are desired); *and* seven years of increasingly responsible supervisory experience in a large water utility system. Salary \$165,094 to \$210,707. Please apply online by **February 18, 2011** at [www.allianceresourceconsulting.com](http://www.allianceresourceconsulting.com).
