# CMUA Capitol Day 2017

## Helping California's Publicly-Owned Utilities and Water Agencies Deliver

## You're Invited

CMUA's Board of Governors and the Legislative Committee invite you to Sacramento to take part in the Annual Capitol Day 2017.

Join other publicly-owned utility and water agency leaders and staff in advocating on the critical issues facing California today including the delivery of safe, clean, reliable drinking water along with affordable and renewable energy while striving to meet state conservation mandates.

Legislative leaders must hear our collective voice deliver the message that their support is absolutely necessary in order for our POUs and water agencies to continue delivering clean water and renewable energy to their constituents.

Take advantage of this opportunity to schedule one-on-one meetings to brief your legislative leaders on these key issue areas.

**Legislative Briefing** – Hear from key legislators as they share their insights into the water and energy issues that will dominate the 2017 legislative year.

**Keynote Luncheon Presentation** – David Hochschild, Commissioner for the California Energy Commission has been invited to address the members on renewal energy in California.

**Legislative Visits & Reception** – The afternoon session will include your pre-scheduled visits with your legislators and their staff followed by the CMUA President and Vice President's Hosted Reception.\*

Don't delay - Register today at <http://cmua.org/capitol-day-2017>

\*Fair Political Practices Commission regulations require that personal invitations cannot come from CMUA legislative staff. Formal invitations will be delivered from the President and Vice President of CMUA to the legislature.
