**Re:** April 12 Committee Meetings Agendas and Materials

---

Attached are the materials for next week's committee meetings, **which will be held at CMUA's offices in Sacramento on Thursday April 12.** If you are calling in, the conference call information is listed on the agendas. As a reminder, at the Strategic Outlook meeting in November 2017, the Legislative and Regulatory Committees decided to revise the committee structure into Water and Energy Committees on a trial basis with an evaluation after three months. After a conference call with committee leadership and a discussion at the March 26 meeting with the full committees, it was decided to return to the previous structure of a Legislative Committee and a Regulatory Committee, during which we will discuss both water and energy issues.

On April 12, and moving forward, the Regulatory Committee will meet from 9:30 a.m.-11:45 a.m. The Legislative Committee will meet from 12:15 p.m.-2:30 p.m., with Water Issues first on the agenda, followed by Water/Energy Nexus Issues. Energy Issues will be last.

The materials attached to this email include:

- Regulatory Committee Agenda
- Legislative Committee Agenda
- Upcoming Regulatory Hearings Calendar
- Tracked Bill Lists

**If you plan to attend both meetings, please send Patrick an email ([pwelch@cmua.org](mailto:pwelch@cmua.org)) by noon Tuesday, April 10 so we can order enough lunches.**

Please let me know if you have any questions at this time. Thank you, and we look forward to seeing you next week.

-Patrick
