Re: CMUA Regulatory Committee: Regulatory Committee Meeting Agenda and Materials / Request for Feedback

CMUA Regulatory Committee,

I have attached several items in preparation for next week's meeting. They are:

1. Regulatory Committee Agenda
2. Upcoming Hearings
3. Natural and Work Lands Climate Change Implementation Plan

Request for feedback:

Several state agencies have put together a concept paper regarding the [California 2030 Natural and Working Lands Climate Change Implementation Plan](#), which I have attached for your review. The deadline to comment is Friday, June 15. If you like CMUA to comment, please let me know by close of business on Tuesday, June 12.

Reminder:

On Monday, the Department of Water Resources will be hosting a workshop on [Landscape Area Measurement for Retail Urban Water Suppliers](#). For those unable to attend in person, the meeting will be broadcast via Skype. CMUA staff will be in attendance and will provide a summary on Thursday.

PLEASE NOTE:

There is a link on the agenda to register for the meeting using WebEx. We are working to avoid background noise, hold music etc. by using a system where we can mute callers as appropriate. Once you register (should only take a few seconds), you will receive an email with all of the login/call in information and a calendar invite. The link is the same for the Regulatory and Legislative Committees.

If you will be attending both the Regulatory and Legislative Committee and would like lunch, please let [Danielle](#) know by close of business Monday, June 11.

If you have any questions regarding this email, please let me know.

Jonathan
